

Dear APA families and friends,

As you've been seeing in recent weeks and months, Abiding Peace continues to move forward with plans to add classrooms - perhaps even a gymnasium - to our campus to meet the needs of our growing student body and to prepare for future opportunities. Last Sunday, a capital campaign - Grow by Grace - was launched to raise funds, in part, for this ministry project. The goal is to raise \$3,000,000 over the next three years, and also to have the expanded school space available for use by fall 2023. You can view the video at the link below for more details about the objectives of this capital campaign, and also some additional church expansion and outreach plans.

This is not a small undertaking, but we trust God will bless these efforts in whatever way he sees fit. As school families and other friends of APA, we invite you to participate in this capital campaign by making a gift of your own. One way to do that is by taking an envelope or two or three from the Grow by Grace board (see pictures). This board includes envelopes decorated by APA students and marked with dollar amounts from \$2 - \$500, as well as several larger amounts. If every envelope from this board is taken and returned, over \$100,000 will be raised - a great help in moving things forward.

If you are not able to be on campus in person, you can participate in the envelope challenge by donating virtually at the link below. We also encourage you share this email and link with anyone you know who may want to help support Christian education at our school and in our community (e.g. grandparents, extended family, friends).

If you would like to give in other ways, don't hesitate to contact me. We are happy to meet with you individually to share more about plans at Abiding Peace and how you might help support those plans with the gifts God has given you.

The board will make its debut at the Thanksgiving pie social tomorrow morning at 11:30 am. We hope to see many of you there.

Thanks for your support. And thanks for being a part of the APA family,
