K2 through 7th Grade Personal, individualized instruction in a safe, loving Christian community

Abiding Peace Academy's elementary school uses a multi-grade classroom approach, where students of different grade levels are taught by the same teacher.

At Abiding Peace Academy, we believe that academic excellence and Christian values go hand in hand. Children in K2 through 7th grade learn, grow and achieve in an environment enriched with Christian teachings and morals. It's an education devoted to preparing young minds and hearts for the world that awaits.

Our small class size and low student to teacher ratio allow for a personal and nurturing environment, giving the teacher time to focus daily on each student individually. Our multi-grade level classrooms are unique, allowing teachers the freedom and flexibility to customize each student's education according to his or her strengths. This addresses each student's needs and helps those students reach their full potential. Our experienced teachers are trained and educated for the multi-grade classroom setting.

Our preschool classrooms are age-specific for students in K2, K3 and K4 and foster a creative, explorative learning environment where children develop the attitude that learning can be fun and exciting. With an emphasis on kindergarten readiness, our preschool students are well-prepared for the challenges of elementary school.

"With the multi-grade classrooms, the students and teacher are not bound to one grade-level curriculum. The teacher has the time and resources to give extra review or more challenges to each student.... whichever is needed, on a daily basis." -Parent

Our objective at Abiding Peace Academy is to provide an exceptional education, instilling a love of learning in each student by nurturing his or her intellectual, spiritual, social, emotional and physical development in a safe, loving, Christian community; while imparting a strong faith in the truth of salvation through Jesus Christ.

Find out all the ways Abiding Peace Academy can make a difference in your child's life. Call to arrange a personal visit. Application, enrollment, tuition and school policy information is available on-line or by calling the school office.
